Research Study

Lockhart Central School has been selected by the University of NSW Sydney, to participate in a Rural and Regional Education Research Project. Students from years 5-12 will conduct a 30minute survey at school about their educational experiences. If you do not wish your child to participate in this survey you can access an 'opt out' permission note from our website through the follow link:

<https://lockhart-c.schools.nsw.gov.au/about-our-school/communication.html>

K / 1 / 2

K/1/2 have enjoyed building houses out of different materials in Science!

Breakfast Club

Thank you to Lockhart IGA & St Ives Rotary Club who are sponsoring our breakfast club.

School TV

With the impending festive season and end of school celebrations, some teenagers may be feeling ready to party, wanting to put the disruptions, frustrations and disappointments of this past year, behind them.

To ensure our young people stay safe during this time, parents and carers are encouraged to have the alcohol discussion - no matter how difficult or overwhelming it may be. It is important to outline the rules and boundaries around age-appropriate alcohol consumption and what the legal implications may be.

Young people are at greater risk of alcohol-related harm than adults because their brains continue to develop until their mid-twenties. The safest level of alcohol consumption for teenagers, is no alcohol at all, but this may be difficult to enforce and may not prevent them from experimenting. However, parents and carers can influence sensible drinking habits and help minimise the risks.

In this Special Report, a series of discussion points are offered to help make the conversation about alcohol consumption a little easier. We hope you take time to reflect on the information offered in this Special Report, and as always, we welcome your feedback.

If you do have any concerns about the wellbeing of your child, please contact the school for further information or seek medical or professional help.

Here is the link to your special report:
