10 Days of Swimming

Primary students have just completed their 10 Day Intensive Swimming Program. A big thank you to Fran Jones and Hannah Lenon for conducting lessons, including water safety and survival skills. The students have enjoyed their lessons and have learnt some valuable skills in water safety. They loved their boat skills lesson.

Thanks Tammy for greeting us every day with a smiling face and supporting our school with lesson times and bookings.

We have certainly seen some fantastic improvements over the 10 days from all students.

LCS Wellbeing Room

There has been some exciting developments at LCS for the students and wellbeing staff. Chaplain Lucas King has commissioned our student social worker, Tianna, and year 6 students to design and create a wellbeing room for the wellbeing team to use with students. Tianna is with LCS for a 500 hr student placement from CSU. While at LCS Tianna will complete a major project around student mental health and wellbeing. The project design is a combination of her understanding of how we can provide spaces for student's mental health and wellbeing, and has included valuable input from what students would like the space to look like. The room will be a work in process where students will have the opportunity to add art their work. Mr King will use the space to mentor students, conduct wellbeing lessons with students, and provide time and space for students that may need someone to talk to. The wellbeing room will be a valuable resource for our school that many other schools may not have the opportunity to provide for their students.
